

## SNOW REMOVAL SERVICE 2019-20

West Toronto Support Services will keep your home's sidewalks, driveway and walkways safe and clear of snow this winter at an affordable and competitive fixed price for the season. Our reliable snow service works like this:

- Between December 1, 2019 and April 1, 2020 we will automatically come and clear your snow (no need to call us) after the snow has stopped and the accumulation has reached 2 inches (5 cm) or more. Please note that we do not provide salt, but we will put it down if it is provided by the homeowner.
- We provide service 7 days a week with the exception of Christmas Day, Boxing Day, New Year's Day and Family Day. Your snow will normally be removed within 24 hours after the snow stops.

Our snow shoveling service is much more affordable than a private commercial service. Our price is **\$550 for an average property for the entire season! And we do not charge HST.**

Please note that:

- We can only accept a limited number of clients - first come, first served.
- We reserve the right to refuse service depending on your location or the size of your property.
- The price may be higher for properties that have larger than average snow removal needs (for example, long driveways).

You have 2 payment options:

- Pay the full amount of \$550 (or the agreed to amount for larger properties) before December 13, 2019
- Or, pay in 2 installments - \$350 by December 13, 2019, and \$200 by January 13, 2020 (the agreed to amount for larger properties can be split equally between 2 cheques)

If you would like to sign up for our snow removal service, please fill out and return the form below **before November 22, 2019**, or call 416-249-7946 if you have any questions.

PLEASE TURN OVER

I agree to the terms and conditions outlined above and want the following payment option:
